29 September 1961

MEMORANDUM FOR : Chief, Medical Staff

SUBJECT : Selection Meeting, 27 September 1961

1. We wish to thank you for your attendance at the meeting and are gratified that you hold the opinion that a sound evaluation program with necessary follow-through aspects has been developed.

2. As you know, this effort is geared to assure, as much as is humanly possible, not only that the individual selected possesses the required physical and emotional qualities to perform the operational job, but also that the individual and his family are dependable and predictable should they be subject to a highly stressful situation.

3. In view of your over-all Agency responsibilities and now that you are somewhat more thoroughly acquainted with what has been accomplished to date and what is proposed for the future, it would be most helpful if you would be kind enough to give us your views on the role you see for yourself in the project.

JAMES A. CUNNINGHAM, JR.
Assistant Chief
DPD-DD/P
